2023/2024 SY Health Packet

Dear Parents/Guardians,

At Kha'p'o Community School, students are fortunate to have a School Health Office that provides them care when they get sick, injured, or for any other health issue. To ensure that the students are provided the best care here at KCS, we do require the School Health Packet to be completed by the parent(s) or legal guardian(s).

Immunization requirements need to be met for your child(ren) to begin their first day of school. KCS requires students receive the following immunizations:

- **DTP/DTap/TD (tetanus, diphtheria, pertussis) vaccine**
The new rule states that a booster dose of tetanus, diphtheria, pertussis (Tdap) is required for all students attending school. One dose required on/after 4th birthday. 4 doses sufficient if the last dose given on or after 4th birthday. This change was made to help reduce the incidence of whooping cough (pertussis) among children. In recent years, New Mexico, as well as the rest of the United States, has seen an increase in the number of whooping cough cases. By giving your children a booster of Tdap, they will receive protection against this deadly disease for the years to come. So, if it has been five years since your child received a tetanus-containing vaccine, he/she will need a dose of Tdap.
- **Varicella vaccine**
K-2nd grade, Proof of Immunity is receipt of vaccine, titer, or laboratory-confirmed diagnosis of prior disease. For all newly diagnosed Varicella cases, laboratory confirmation of disease is required. 2 doses of varicella vaccine required for all students K-10th, and recommended for all students grades 11th-12th.
- **Polio (OPV/IPV) vaccine**
3 doses are sufficient if last dose was given on or after 4th birthday.
- **Hepatitis B vaccine**
Two doses Adult Recombivax HB is also valid if administered at ages 11-15 years and if 2nd dose received no sooner than 16 weeks after 1st dose.
- **COVID-19 Vaccine**
All students who meet the eligible age for the COVID-19 Vaccine set by the FDA must be **fully vaccinated** in order to attend KCS, unless one meets the exception to the vaccination requirement. KCS will request a copy of the vaccination card from students to be filed.

As you are completing the forms, please make sure you:

- Sign and date each form
- Check front and back of each form.
- Submit copy of immunization (Required to be submitted at the beginning of each school year)

Home Language Survey

Kha'p'o Community School

Date: _____

Student's Name: _____

Parent Name: _____

Instructions

This Home Language Survey (HLS) is to be completed by the parent or legal guardian of the student enrolling in this school. The information on this form helps us identify students who may need support in increasing their English language skills necessary for success in school. Completion of the survey is optional, though indicating that English was **not** the child's first language may lead to additional resources or supports to assist in your child's development in the English language for academic achievement.

Process

If your child is identified as a possible English Language Learner through this Home Language Survey the student will go through a process to make a final determination. Your child will be screened to determine the child's English language status. If the student scores a 26 or lower on the Kindergarten W-APT or below a 4.5 on the 1st -12th WIDA Screener the child will be identified as an English Language Learner. You will receive a Parental Notification Letter of your child's score and the eligibility. If your child is identified as English Language Learner you will be notified of educational services he/she will receive and will be tested annually to determine if he/she becomes proficient in the English language. The letter will offer you the option to decline some or all services to your child. Your child's score will be entered into the Native American Student Information System (NASIS).
